10 Ways We'd Like To Say "No" to Your Medical Practice (And they won't hurt a bit.)

Sometimes "no" is a good thing like when it gets your medical practice no fees, extra charges, penalties or other hidden costs for credit card transaction processing. Whether you already have a credit card processing company or not, compare Payment Processing Consultants' exclusive MD On-Line customer rates, lack of fees and other services to those of other processors. You'll see why PPC is the perfect profit-building compliment to MD On-Line.

-
1. No application fee to sign up to accept credit cards.
 2. No annual fee which many credit card processors charge.
 3. No service terms so you can cancel at any time.
 4. No cancellation fee unlike some processors that charge \$100 – \$1000 to cancel your account.
 5. No voicemail phone support. A live, knowledgeable customer service staff is always available 24/7.
 6. No monthly minimum unlike most card processors.
 7. No equipment service or warranty fees for as long as you use PPC for your processing.
 8. No additional costs for Recurring Payments for your patients.
(Most processors charge more for this feature.)
 9. No charge for software upgrades or security and compliance. (Most processors charge for both upgrades and PCI compliance)
 10. No charge to setup Discover and American Express accounts.
